- ▶ Outreach Group Leadership

Moore Activities

- ▶ Define role of WCODP in supporting regional and sub-regional planning
- ▶ Survey RPB for data and tool needs
- ▶ Strengthen data coordination between state, tribal, and federal partners.
- ▶ Develop data to fill priority gaps
- ▶ \$50K Budget

Moore Activities

- ▶ Outreach working group has role in:
 - Developing messaging during initial outreach
 - Helping communicate/survey with RPB
 - Helping draft recommendations to RPB related to role of WCODP

Sub-regional outreach

- ▶ Sub-regional meetings planned for winter and spring.
- ▶ Opportunity for state and tribal members to learn what been happening, start to discuss planning issues
- ▶ Good opportunity to provide info about WCODP and invite participation.

Sub-regional outreach

- ▶ WCODP Background and upcoming work –
Frame the presentation to **benefit** new partners
- ▶ Feedback on roles for WCODP in sub-regions –
manage expectations around local scale efforts,
still need regional context, highlight role of
network in connecting to local
- ▶ Begin to tease out data/tool needs
- ▶ Invite participation

Role of WCODP

- ▶ Need to focus on both regional AND sub-regional role
- ▶ May not be the same from sub-region to sub-region
- ▶ Emphasis on both the infrastructure and network components
- ▶ Envision a menu of options or decision tree

Role of WCODP

► Network

- Technical help to share priority data
- Respond to data requests
- Synthesize new data

► Infrastructure

- Platform for accessing and sharing data
- Viewing data in public forums
- Development of planning scenarios?

Outreach leadership

- ▶ Tim D no longer at NOAA...
- ▶ Haven't met in a while because of this gap
- ▶ Will need to meet more regularly to meet Moore grant timelines
- ▶ Anyone interested in filling this role?
