

WEST COAST OCEAN  
**DATA PORTAL**

Portal Coordination Call  
February 7, 2018

# Participants

- Present: Steve Steinberg, Jennifer Patterson, Kate Sullivan, John Hansen, Allison Bailey, Deanna Caracciolo, Frank Pendelton, Tanya Haddad

# Agenda

- RPB update, Ocean Sciences Conference  
Event briefing
- Portal Development Team - Update
- Work Program review and tasks planning
  - WA data catalog and tool planning
  - West Coast wide jurisdictional map
  - Agency Data Diplomat outreach tasks
- Round Table updates from members

# Update from the PDT

- WA state data – shift to ESRI open data platform
- Tags/facets for catalog curation
- Implement new geographic filtering extents for sub-regions
- Improvements to our site security protocols ([https](https://))

# 2018 Portal Work Plan

## Portal Coordination Team Tasks - Notes

- Engage in the WA Sub-Regional Planning Team exercise to develop Portal data catalog and functionality for that team.
- Complete an inventory and gap analysis of WA data needs.
- Work with the RPB executive team to generate a West Coast wide jurisdictional map.
- Recruiting data diplomats, and what that means for different agency roles. Provide a description of what we expect for data diplomats to be recruited by members.

# Additional Call Notes:

- [Tanya] Portal dev team, met for a call on 1/16 :
  - explore connections to new catalogs (Databasin, WA spatial data catalog, etc.)
  - explore technical details re how to connect to these
  - update to our platform?
  - connections to these and other catalogs
  - update facet system to deal with sub-regions (better articulate geography and others, themes, etc. as needed)
  - brief discussion on new products to be forthcoming (implications for the dev team)
- Homework to members to review tickets on GitHub, prioritize for next meeting (March)
- Discussion of how to best connect to Databasin by leveraging BOEM and “high level” contacts to facilitate the interaction at the technician level
  - Look for opportunity for BOEM, Data Portal and Databasin to collectively get together via phone/webinar

# Additional Call Notes:

- Homework to members to review tickets on GitHub, prioritize for next meeting (March)
- Discussion of how to best connect to Databasin by leveraging BOEM and “high level” contacts to facilitate the interaction at the technician level
  - Look for opportunity for BOEM, Data Portal and Databasin to collectively get together via phone/webinar
  - WA catalog, contact Jennifer and Katrina to work out mechanism to connect -- we should check in directly rather than waiting on additional meetings/delays w. sub-region (Alison will reach out)
- Jurisdictional Map -- waiting on feedback from RPB/Washington.
  - No immediate progress
- We will develop/finalize "job description" and then reach out to RPB and Partnership members to connect
