# WA SRPT -

Data call organized to discuss incorporation of data from state level into the portal.

Dept of Ecol, DNR – discussion of “core” data sets for incorporation

WA – Audobon society question (Trina Bayard) – estuaries incorporated into the planning area? Gaps?

Communities of interest may be left-out of the process if estuaries are excluded from the effort.

# OREGON Discussion -

Data for jurisdictional map(? Or something to help orient the group) to be submitted to Coquille Tribe. Message to the group was to submit files (downloadable).

Action item- follow-up with Kassie to see if communications met their needs to provide a lay of the land.

What is our driving need? Who should be contacted in association with specific planning geographies on the coast?

Regular monthly calls will be established – Wednesdays (4<sup>th</sup> of the month – March 28, 10am)

# Southern CA Discussion -

State Lands Commission – pilot process around marine planning in the Port of San Diego.

What's happening around BOEM CA wind energy planning?

- Discussions with DOD – regarding area of interest to developers are ongoing/close to completion.
- Interest in N. California has been expressed, so focus of wind energy planning areas continues.
- Re-engaging on the N. Coast will likely happen beginning of April.

# Update from the PDT

- WA state data – shift to ESRI open data platform
- Tags/facets for catalog curation
- Implement new geographic filtering extents for sub-regions
- Improvements to our site security protocols (https)

# 2018 Portal Work Plan

## Portal Coordination Team Tasks - Notes

- Engage in the WA Sub-Regional Planning Team exercise to develop Portal data catalog and functionality for that team.
- Complete an inventory and gap analysis of WA data needs.
- Work with the RPB executive team to generate a West Coast wide jurisdictional map.
- Recruiting data diplomats, and what that means for different agency roles. Provide a description of what we expect for data diplomats to be recruited by members.
